

The East Coast Executive car park is moving from 29 March 2010.

Please follow the directions to the New Street car park.

From 29 March 2010, the East Coast Executive car park will be re-located to New Street underground car park. This is a result of Network Rail's £130 million investment within Edinburgh Waverley station.

The entrance is on New Street which can be accessed by following the signs along Waverley Bridge, Market Street and East Market Street.

East Coast Executive car parking bays will be clearly labelled at the end of the car park closest to the station entrance.
